

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 16, 1996

SUBJECT: **HB 2512 - SB 2898**

This bill, if enacted, will require a pharmacy that mails a prescription into Tennessee from another state to first pay the annual registration fee required of a Tennessee pharmacist.

The fiscal impact from enactment of this bill is estimated to be an increase in state revenues to the extent fees will be collected in the future which are not being collected now. However, such increase is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is written in a cursive, flowing style.

James A. Davenport, Executive Director
